

# XB9500HS *vs.* URETHANE

## XTRABOND®9500HS - HIGH STRENGTH ADHESIVE

XtraBond®9500HS is a one component, permanently flexible, multiple purpose easy to use fast cure high strength adhesive/sealant. XtraBond®9500HS is environmentally friendly and offers excellent adhesion to vinyl, sheet metal, steel, pre-painted metals, wood, glass, aluminum, plastic, common construction substrates of: window, door, siding, flashing & underlayment papers. Unlike traditional Urethane, XtraBond®9500HS remains physically uniform and resists hardening and softening through a wide range of temperatures and conditions.
